HODGE WORKS MILE IN 1:41 1/2 OVER DULL TRACK AT CHURCHILL DOWNS.

Old Rosebud's Latest Work a Mile in 1:42 1/2—Trials of Other Candidates and General Gossip from Louisville.

Louisville, Ky., April 20.—Churchill Downs was the scene of the fastest work of the season by a Kentucky Derby candidate when Kay Spence's Hodge went a mile over a dead track in 1:41 1/2 and was pulled a mile and an eighth in 1:56. Hodge was under restraint throughout the performance and could unquestionably have gone much faster. The fractional times were: 1/2, 1:12 1/2, 1:24 1/2, 1:36 1/2, 1:48 1/2, 1:56 1/2.

At Douglas Park Old Rosebud worked a mile in 1:42 1/2, with the fractional times as follows: 1/2, 1:12 1/2, 1:24 1/2, 1:36 1/2, 1:48 1/2, 1:56 1/2. Other trials by Derby candidates at the Downs:

Belloc—Mile in 1:44 1/2, and an eighth in 1:59 1/2, pulled up. Fractionals: 1/2, 1:12 1/2, 1:24 1/2, 1:36 1/2, 1:48 1/2, 1:59 1/2.
Bronzewing—Three-quarters in 1:15 1/2. Fractionals: 1/2, 1:24 1/2, 1:36 1/2.
Ralph—Half mile in 49 1/2. Fractionals: 1/2, 1:24 1/2, 1:36 1/2.
Robinetta—Mile in 1:50 1/2. Fractionals: 1/2, 1:24 1/2, 1:36 1/2, 1:48 1/2, 1:50 1/2.
Tener—Five-eighths in 1:09 1/2, breeding.
Watermelon—Mile in 1:44 1/2. Fractionals: 1/2, 1:24 1/2, 1:36 1/2, 1:48 1/2, 1:50 1/2, 1:56 1/2, 1:58 1/2, 1:59 1/2.

There has been some good work by horses other than Derby candidates at the local tracks in the last two days. The Kentucky Oaks candidate Ovation, went three-quarters in 1:17 1/2 at the Downs, and at Douglas Park Buckhorn and Helen Barbee, in R. J. Mackenzie's stable each went half a mile in better than 51. Both are training grandly this spring and will be ready to race unusually early this season at their best. At Churchill Downs other good work-outs were:

Ben Chilton—Three-quarters in 1:19.
Bendcap—Quarter mile in 24 1/2.
Brightstone—Five-eighths in 1:02 1/2.
Christophine—Three-eighths in 36 1/2.
Curlicue—Quarter mile in 25 1/2.
Florence Roberts—Quarter mile in 23 1/2.
Gallo—Half mile in 52 1/2.
Ghetto Girl—Quarter mile in 24 1/2.
Inez—Three-eighths in 37 1/2.
J. W. O'Shea—Five-eighths in 1:03 1/2, first half in 49.
O'Reilly—Half mile in 54 1/2.
O'Sullivan—Half mile in 54 1/2.
Panthrop—Mile in 1:52 1/2.
Rosalee—Three-eighths in 37 1/2.
Sir William—Three-eighths in 36 1/2.
Skilles Knob—Half mile in 51 1/2.
Spindle—Three-eighths in 39 1/2.
The Reach—Mile in 1:52 1/2.
Wild Horse—Half mile in 53.
Yankee Tree—Three-quarters in 1:19 1/2.
Zin Del—Three-eighths in 37.

John Hachmeister, manager of the Douglas Park and Latonia Racing Associations, who recently returned from his winter sojourn in Florida, is now at Latonia, but will come here in a day or two. Upon his arrival here he will open the track office at Douglas Park and begin preparations for the coming spring racing season at that plant, which opens on Saturday, May 23, and continues for thirteen racing days. Mr. Hachmeister is elated over the prospects for a most remarkable race in the \$15,000 Kentucky Handicap, which will open the meeting at Douglas Park as the big feature race. He has the assurance of the owners of practically all the crack horses engaged in the big race that their trainers are especially fitting these stars to run in the Kentucky Handicap this spring. He is much pleased with the outlook for record breaking meetings in Kentucky this season and looks for a most prosperous season of sport both at Douglas Park and Latonia.

Trainer Elzie Brown took all of M. B. Gruber's stable to Lexington, not caring to risk the care of Little Nephew to any other hands while he is at Lexington racing Yankee Tree and the two crack youngsters of the Gruber stable—Sam McMeekin and Little String. Little Nephew is doing so well now that trainer Brown wants to see him every day and hopes to be able before the Lexington meeting is over to begin giving him at least slow trotting and cantering exercise. He left the Downs strong in the belief that Little String and Sam McMeekin will both acquit themselves well in the Idle Hour Farm and Breeders' Futurity Stakes at Lexington.

E. D. Weir, trainer of Old Rosebud, stated yesterday that he would probably start the Kentucky Derby favorite for the first time at Lexington next Saturday in a mile purse race for three-year-olds, which is to be run that afternoon as the fourth race. Old Rosebud's weight in this race will be 112 pounds, which will be two pounds less than he will have to carry in the Derby.

Al Woodman has arrived at the Downs with four horses, which embrace Elfall, Rio Brazos and two two-year-old colts, one by Hemo and the other by Mizen. The Kentucky Derby winner of 1911, Senproins, Water Lily, Ella Bryson, Goodrich and Bonnie Kelson. The rest of the string is at Lexington and includes Mr. Carman's Kentucky Derby candidate, Surprising, which will be a bidder for the Blue Grass Stakes to be run there on Saturday, May 2. Trainer Elijah Brewster has also has two Carman horses at the Downs and he also has two horses of his own in training, they being Luria and Surpassing. All of the Carman horses shipped here look exceedingly well and to all appearances will be ready to race when the local season begins at the Downs on Derby Day, Saturday, May 9. Brewster says that all of Mr. Carman's horses, as well as his own, will be ridden on the Kentucky tracks by Jockey C. Peak, who is now able to ride as light as 108 pounds.

W. J. Weber, owner of Furlong, which has been training in Kay Spence's stable along with the Kentucky Derby candidate, Hodge, and other good horses, has arrived from San Antonio, Tex., for the Kentucky racing season. Weber will go to Lexington, where Spence intends to ship some of his horses, including the speedy mare, Maria C. Neither Hodge nor Furlong will be taken to Lexington this spring. Hodge will absolutely make his first start in Kentucky this season in the coming Derby race at Churchill Downs.

Candidates for Kentucky Derby Honors, with Their Weights, Winnings and Tabulation of Past Performances

In view of the widespread interest that is being manifested in this year's renewal of the Kentucky Derby, which is to take place at Churchill Downs, May 9, Daily Racing Form has tabulated and herewith presents for the information of its readers a complete list of the entries for this foremost of American three-year-old events, with their pedigrees, the names of their owners, a summary of their racing records to date and the record of their past performances. It will be the fourth running of this now historic race and, judging from the caliber and number of the three-year-olds that are being pointed for the race, it seems anything but extravagant to predict that a standard will this year be set that will eclipse all previous runnings and may not easily be excelled in future. The New Louisville Jockey Club, under whose auspices the Kentucky Derby is run annually, is already reaping the benefits of its wise policy in increasing the value of the race. No race for three-year-olds in this country since the days of the far-famed American Derby at Washington Park has attracted such an all-star entry nor held out such promise of a brilliant contest between the topnotchers of this age. It is estimated that with the \$10,000 to be added to the Derby this season by the New Louisville Jockey Club its gross value will approximate \$15,000. This will be in keeping with the importance of the Kentucky Derby from the historical and sentimental standpoints. The complete list of the forty-six entries for the race, with their pedigrees, the names of their owners and a summary of their racing records to date, follows:

season to Peter Quince. Mr. Morris, while here, saw his Kentucky Oaks candidate, Miss Charcot, work a mile over a drying out track in 1:46 1/2. He believes she has a royal chance to win the Oaks, an event he won for George J. Long with Selika. Mr. Morris, while training for Mr. Long, also placed to his credit a Kentucky Derby, having fitted Azra, which won the race in 1892.

LEXINGTON OUTLOOK HIGHLY PROMISING.
Kentucky Racing Season of 1914 Scheduled to Open at Blue Grass Track Next Friday.

Lexington, Ky., April 20.—Conditions for the inauguration of the racing season in Kentucky here next Friday at the old Kentucky Association course have never been so promising. The big eastern stables have never before been so well represented. The favorable weather which has prevailed for the past week has given owners and trainers an excellent opportunity to give their horses plenty of work and practically all the good thoroughbreds are fit and ready.

Visitors will hardly recognize the local track because of the numerous improvements which have been made since the meeting last fall. The management has also taken care of the horsemen this year better than ever before, not only in regard to increased purses and stake values, but has provided several new barns, which are as sanitary and healthful for horses as possible.

The number of two-year-olds quartered at the local track and in stables surrounding the course on the outside breaks all records and it is expected that during the local meeting the races for the "babies" will fill to the limit. Two two-year-old races are to be carded daily, in addition to two juvenile stakes, the Idle Hour and the Breeders' Futurity. The latter is a \$7,500 affair, and the only race richer than it in Kentucky this spring will be the Kentucky Derby and the Kentucky Handicap. The Breeders' Futurity will be run on the last day of the meeting. This stake closed with 180 nominations, of which 130 made the second payment and fifty-eight the third payment.

Six stakes will be run during the twelve days of racing and these are the magnets which drew most of the big stables here. Of the stakes for stayers the Blue Grass is holding out the chief interest, as it will give the public a line on the ability of candidates for the Kentucky Derby, several of which will make their 1914 debut in it. Old Rosebud, the present favorite for the big race at Churchill Downs will be shipped here tomorrow, supposedly to start in the Blue Grass Stakes. It is the general opinion here, however, that the son of Uncle will first be started in a race at one mile, which will make him good and fit for his Blue Grass Stakes engagement.

Rain falling have with the plans of some of the trainers at the Kentucky Association course yesterday morning. The downpour, the heaviest in a long time, began about seven o'clock and kept up until nearly noon. A few horses had been worked dry before the rain came, the best move while the track was yet fast being a mile and an eighth in 1:57 by Cream. John Gund and Constant, Kentucky Derby candidates from the stable of Jack Baker, were staked in a mile in 1:47 about the same time. During the downpour Superintendent Ross had the "dogs" put up, so that the horses that worked in the mud all had the long way around the track. Charles Wilson's Palmetto Derby winner, Ivan Gardner, fairly reveled in the going. He is as fit as a fiddle.

RAIN FALLS AND HAVRE DE GRACE CARD IS RIDDLED BY SCRATCHES.

Holland Stable Wins Penn Selling Stakes with Garl After Withdrawing Trifer and Has to Stand Stiff Runup.

Havre de Grace, Md., April 20.—Today's races at Havre de Grace were run during intermittent showers and over a muddy track. The change in track conditions resulted in numerous withdrawals and small fields went to the post in a majority of the races. The feature race, the Penn Selling Stakes, suffered particularly by scratches, five of the ten carded being absentees. The Holland stable, which was so conspicuously successful on the opening day of the meeting, furnished the winner of this event in Garl, which won with great ease after leading all the way. C. C. Smithson, who appears to have something against the Holland people, was again on hand when the winner was offered and bid Garl up from \$1,200 to \$1,605, at which figure he was retained.

Despite the disagreeable weather another large crowd turned out and speculation was brisk. Amerius, favorite for the opener, was jumped on during the running and badly cut down. The stewards had S. W. Grupp before them this afternoon and gave him a grilling. It was Grupp who attempted to identify the ringer Goliwogg at Charleston.

Hugh McCarren, who was seriously hurt in a runaway accident last Thursday, was able to be out today and was a visitor at the track. W. T. Anderson came in from Gravesend this afternoon and another New York arrival was James McLaughlin, Jr., who is handling a likely lot of horses this season.

P. T. Chinn was in New York today and will sail within a few days for England, where he goes to buy about thirty horses for Jefferson Livingston. He will also buy some for his own account and market them in this country. Mr. Livingston has also commissioned Mr. Chinn to buy a young stallion for him.

Just before the running of the second race Chantene, which was programmed as the property of Richard T. Wilson, was sold to J. J. Moran, but she raced as the Wilson entry, coupled with Eagle. Jockey Harry Snyder had his first mount today since his injury last fall. He had the leg up on Dr. Tyree's Palermo and narrowly escaped injury when his mount was crowded against the fence on the backstretch.

There is now a controversy over the ownership of Goliwogg, which was used in an attempted legging race on Tuesday last. Both M. J. Day and W. C. Daly have raced him and now the latter wants the claiming money that resulted when the horse was lost at Charleston.

The track was in good condition this morning before the rain began and quite a number of horses availed themselves of the opportunity to exercise their charges. Among the best moves were: Afterglow—Three-quarters in 1:16 1/2. Ambrose—Three-quarters in 1:16 1/2. Ardelen—Three-quarters in 1:18 1/2. Beaucamp—Three-quarters in 1:19 1/2. Camel—Mile in 1:49. Foot o' Fortune—Half mile in 1:19 1/2. Hester Prynn—Three-quarters in 1:19 1/2. Lochiel—Five-eighths in 1:06 1/2. Mone-acy—Half mile in 50 1/2. Republican—Mile in 1:44 1/2. Sangulide—Five-eighths in 1:02 1/2. Terrible Bill—Half mile in 50 1/2. Top Hat—Three-quarters in 1:18. Waterbass—Three-quarters in 1:17 1/2.

HEARTS OF OAK FOR TORONTO CUP.

Toronto, Ont., April 20.—The stable of Harry Giddings will be shipped from Oakville to Woodbine on Wednesday. All the horses, including the stars, Hearts of Oak and Beehive, are in superb condition. Hearts of Oak, although he will be seen under colors in other important events, will be pointed for the \$5,000 Toronto Cup, one and one-eighth miles, which is the feature of the closing day of the Woodbine meeting.

The Hamilton contingent, including Sol Mintz and trainer Eddie Whyte, with the Hendrie Stable, are due to arrive at the east side course tomorrow. Ardie Zimmer and Mose Goldblatt, who have his string of three, Martian, Brynalt and Thomas K. Martian, which raced well at Baltimore last fall, has been three-eighths in 36 1/2 this spring, which is the fastest move recorded here to date.

Trainer John Nixon had his string increased yesterday. He received a maiden two and three-year-old, the property of Hon. Adam Beck, from London. For the first time in several years Mr. Beck has not made an entry in the King's Plate this spring.

In Tennessee, has been added to E. W. Moore's stable.

O. Pons today wired for stalls for five horses now quartered at Louisville.

Jockey J. Hanover, who is under contract to E. B. Parsons, arrived yesterday.

Jockey Fred Teahan is to ride for Jack Weaver this spring. Weaver's Ymir is on the sick list.

John G. Weaver is over his shipping fever.

Logan Denny arrived last night from San Francisco and says he intends to remain on the Kentucky tracks throughout the season. He did not bring any horses, but has a few at Denver.

H. V. Colt, of Genesee, N. Y., who is looking for jumpers and hunting horses, arrived today.

Jockey Clarence Turner came in from Cincinnati and is to ride here and at Louisville as a free lance, and will go to New York later. Zimmer will make Turner engagements. He will ride Maude B. L. in the Ashland Oaks, and one of E. R. Bradley's pair in the Kentucky Derby.

Jockey A. Moay, under contract to W. E. Moody, of Vancouver, B. C., arrived here last night. He will ride as a free lance during the local meeting.

The Kentucky Association track was extremely heavy this morning and the weather was uncommonly raw, yet many horses were at exercise.

All of Jefferson Livingston's horses were out. Trainer Mose Goldblatt has them looking fit, especially Iron Mask and Ed Howard. The latter will be one of the choices for the Breeders' Futurity.

Trainer W. H. Karriek and jockeys Byrne and Sauter, with twelve horses belonging to H. K. Knapp and F. R. Hitchcock, arrived today from Aiken, S. C.

Racing Secretary Will Shelley returned from Louisville this morning. He says that the horses to come here from the Falls City tracks will be in by Thursday. Old Rosebud is expected over tomorrow.

Kay Spence is figuring on sending Hodge here for a race before the Kentucky Derby.

R. Colston came in from Louisville today with eleven horses and the stable jockey A. Langford.

Princess Callaway, owned by Jeff Livingston, is in the Colston stable.

John Hogan is here, but his horses, including Gallant Boy, were shipped from Charleston to Louisville.

CORCYRA TRAINING IN PROMISING FORM.

Whatever may be said concerning some of the aspirants to classic fame, there appears to be but one opinion among the Newmarket critics with regard to Corcyra, and it is gratifying to hear such flattering reports in connection with Lord Londonderry's colt. Unfortunately he was not nominated for the Derby, but that fact of itself has its advantages when the Two Thousand Guineas is under consideration, as Captain Dewhurst will be able to prepare him exclusively for the Rowley Mile trip, while other trainers will have to keep something in hand in view of the later and more important event. Corcyra is a bay, home-bred, business as, apart from being the produce of Pearmain, he is by Polymelus, which was originally the property of and bred by Lord Londonderry. His racing record placed him high up in the juvenile class, and it is certainly nothing against him that his debut was deferred until the Newmarket season, when he was sent to the Rowley Mile, where he finished third only to Varavil and Hesperia, of which the former was conceding him nine pounds, in the Khehive Plate. Small beginnings, however, often lead to big ends, and his subsequent performances will bear a lot of weight. That at his next attempt he made short work of Qui Vive and the rest in the Redcar Produce Stakes, and shortly afterwards landed very easily the odds laid on him for the Wynyard Plate at Stockton. Later at Doncaster he was backed against the field and, although giving a lot of weight, carried him so easily that Corcyra, no anything else could extend him, and if these several achievements had no classic ring about them, he fairly established his claim to high consideration, with three pounds plus in avoirdupois, he slumped, Stormy, at the finish for the Middle Park Plate. On the occasion Kennedy was making his first appearance in public and, in receipt of seven pounds, was a respectable third, and benefited by the experience plus three pounds. Sir John Thursty's John o' Gaunt colt took ample revenge for his defeat in the Wynyard Plate, when he turned three-lengths defeat into a two-lengths victory, and both retired forthwith into winter quarters. It will be interesting to watch how they get on at even weights in the Two Thousand Guineas. Weak joints caused Alec Taylor some anxiety with his horse last year, which, in account for his belated debut, but as far as I know Corcyra is free from any such suspicions and has wintered extremely well, having developed muscular power and generally improved to quite a remarkable extent, while his recent gallops, especially that in which his strong action carried him so easily superior to Mandford, Fellah and Swan Song, have been completely satisfactory in every respect. His prospects at the First Spring meeting are particularly rosy and, with the assistance of Frank O'Neill, he may easily hold his own against all comers, except the Tetrarch, who is not known to concert pitch. "Vigilant" in London Sportsman.

HAMILTON MAY HAVE MUTUELS.

It is more than likely that the pari-mutuel machines will replace the old-time bookmakers at the Hamilton Jockey Club this year, if not for the spring meeting at least in the fall. This was the substance of a remark made at the subject of the club by Judge Monck, one of the directors of the local club. The directors have had the matter under consideration for some time, and, strongly urged by the directors of the Ontario Jockey Club, have just about decided to proceed with the installation of the pari-mutuel machines. It is understood that the local directors would prefer to continue with the old order of things, but the pressure that is being brought to bear on them by the Toronto crowd is so strong that it is almost certain to bear results. This, and the fact that the bookmakers of the present day are not the same class of men who were formerly in the business, and for this reason harder to control, are the reasons advanced for the probable decision to make the change. If the new system is installed it will mean that the present betting ring will have to be enlarged to double its present size. Work on the local plant in preparation for the spring meeting has been commenced. No improvements other than fresh paint, etc., and the possible change to the betting ring, will be made to the plant this year, as the present accommodation is considered adequate. It is the intention of the directors of the club, however, to proceed with the enlargement of the Jockey Club Hotel, which is situated at the southwest corner of the plant. The addition to the present building will be put on the Barton street side, while a new steam heating plant will be installed in the building when the project, will give the hotel accommodation for thirty guests. The improvements are to be completed by August 1.—Hamilton Spectator.

THE ONTARIO JOCKEY CLUB'S STAKES.

All that Sheephead Bay used to be in eastern racing and Washington Park in western racing. Woodbine Park, Toronto, now is in Canadian racing. The Ontario Jockey Club gives more money to race for than any other Canadian organization and as a due return for sagacious liberality makes more money. It now proposes a list of stakes to close for entries Monday, April 27, that enticingly calls for big entry lists. These events are to be run at the club's spring meeting and are to be open to all comers. Of these the Connaught Cup, William Hendrie Memorial Handicap and the Coronation Stakes are reserved for Canadian-owned or bred horses, leaving eight open to the world. These are the Toronto Cup at a mile and an eighth, with \$5,000 added; King Edward Cup at a mile and a half, with \$5,000 added; Minto Stakes, selling, at a mile and a sixth, \$1,500 added; Woodstock Plate, at a mile and an eighth, \$3,000 added; Victoria Stakes at five-eighths of a mile, \$2,500 added; Juvenile Stakes at four and a half furlongs, \$1,500 added; and the two long-established steepchases, the Woodbine at about two miles and the Street Railway at about two and a half miles, to each of which \$1,500 is added. These, in connection with other events already closed, make a quite remarkable offering for a meeting open for nominations published elsewhere in this edition of Daily Racing Form and are commended to the favorable consideration of owners and trainers.

KENNYMORE MAKES SUCCESSFUL DEBUT.

When trainer Andrew Jackson Joyner was in New York last winter on his annual vacation, he said that, in his opinion, Kennymore would make a big thing with the Turf. This, when no man was better aware than he of the Tetrarch's prowess, was strong praise of a colt that raced but twice last year. Whether his prophecy will come true or not is in the hands of time, but Kennymore gave evidence at Newmarket last Friday in winning the Craven Stakes that he had wintered well and is ready for the business of a true race horse. The Craven Stakes is run over the Rowley Mile and is a sweepstakes of \$25 for entries and \$50 for starters, with \$2,500 added. Since Kennymore was a 1 to 2 favorite over seven opponents it is obvious he must have come out in grand condition. He is a bay colt by John o' Gaunt—Croconia. Second to him was L. de Rothschild's bay colt St. Guthrie, by St. Frusquin—Top Hane, and Lord Rosebery's chestnut colt Atticus, by Cicero—Leda, was third. All three of the placed horses are in the Two Thousand Guineas, Derby and St. Leger.

NOTES OF THE TURF.

F. A. McKinney has arrived at Havre de Grace from Norfolk with Cowl, Arcene, Anavri and Chryseis.

G. P. Sherman is credited with having a two-year-old of some promise in Antiseptic. By the Commencer—Lee Water.

James Fitzsimmons has arrived at Havre de Grace from Sheephead Bay with twenty horses. These horses wintered well and are in fine shape.

August Belmont's Plittergold and Stromboli are credited with having worked over the Benning track five-eighths in 1:02, a great performance for that sandy course.

Gwynn Tompkins has arrived at Pimlico with seven jumpers, including several good green prospects. G. Fraley of Toronto, is also at Pimlico with Kitter and Yena, both of which are said to be ready to race.

The tracks in the Canadian North West will hang up \$156,545 in stakes and races for the coming season. Of this amount \$107,750 is for harness events, and \$48,795 for running races. The circuit commences at Edmonton May 22, and closes at Red Deer August 21.

Charles Reed, who died at his home in Summer County, Tenn., last Friday night, was ninety years old. His death was due to the infirmities of age. It is estimated that he had little left of the vast fortune that he once possessed.

Beach Comber, for which E. R. Bradley paid \$14,000 as a yearling, has developed into a fine-looking three-year-old. He is a strapping horse with a good stride. He has not yet raced, but last week at Lexington he worked five-eighths in 1:05, so it seems likely that he will be seen in action before long.

E. R. Bradley has a superstitious objection to the photographing of his horses. At Lexington a day or two ago he smilingly refused to sanction the taking of a photograph of Bradley's Choice, with which he expects to win the Kentucky Derby. Giving as a reason for his refusal that he believed it would ruin the colt's chances for the Derby and other races in which he has been entered.

The success of H. B. Duryea in France continues. On Sunday, at Longchamps, his good stake horse Shannon, by Irish Lad—Census, won the Prix de Lutèce, a \$2,400 race, distance one mile and three-eighths. On the same day Mr. Duryea's Hickory finished second for the Prix Roguart Produce Stakes, one mile and a half. The Prix Roguart was valued at \$6,000. Both horses were ridden by M. McGee.

Martin Nathanson, who has recently returned to Chicago from Charleston, where he served as presiding judge and racing secretary during the winter, will go to Montana in July to serve the Battle Jockey Club in similar capacities. He probably will also officiate at Anaconda. H. L. Wilson, who will manage both these meetings, will come east early next month to interest horsemen in shipping there.

All race track records were broken in Kentucky on Eastern Monday, when the gate at Kershaw took in \$25,000 in admission money alone and the official betting machines received and paid out \$200,000 in wagers. The newspapers, far from crying the loudest in the country which the figures denote, proudly deduce from them that nothing is better designed to destroy the myth that Germans are poor or that money is especially tight in these regions.

NOTES OF THE TURF IN OTHER LANDS.

Mr. W. K. Vanderbilt has sustained a loss in the death of his colt Secundus, which was considered to have a promising career coming.

M. Amont has sustained a serious loss in the death of his colt Cirrus, a brother to Nimbus, which broke his back by bolting against a barrier at the Haras de Victor.

At Derby on Saturday, April 3, Mr. Tom Tyler said he would sell Sunbuck, the Grand National winner for \$25,000, and added that he had been offered nearly that sum for the horse.

Mr. Whitney's Panathene, which is a favorite with Joyner, the Newmarket trainer, met with an accident through getting out of the stable. Before being caught she sustained many small injuries, but fortunately none of a serious kind.

Strozzi heads the flat race list of winning stallions in France since the beginning of the year. His produce having won 102,245 francs in stakes. Rabalais comes next with 88,125 francs, and Le Sagittaire follows with 38,290 francs.

J. H. Martin, the American jockey, made his first appearance in the saddle this season at Nottingham on Mr. Whitney's Leonine in the Robin Hood Plate. He has now quite shaken off the effects of his accident in Switzerland.

The king's steeplechaser, Twelfth Lancer, did not run in the Liverpool Grand National, but he was a starter in the Cheltenham Steeplechase, the following day over a course of less than three miles. He fell at the first fence past Beecher's Brook and only two of the six starters completed the course, Iston winning from Lord Rivers.

At a political meeting at South Croydon recently Mr. Henry Chaplin, M. P., was asked to name the probable winner of the Derby. "I will not commit myself to far," he replied, "but I will tell you the best two-year-old I think I have ever seen in my life, and one of the finest horses—not even barring Hermit—is a horse called The Tetrarch."

Bobbie, by Meddler—Handspan, one of the early band of horses sent to England by H. P. Whitney and now owned by R. W. Barton, will run for good purpose and at Leicester April 8 won the Melton Selling Plate, worth \$1,820, from eighteen competitors, defeating another Whitney cast-off, Albany Beef, by Broomstick—Xela, by a head.

The positions of the leading French owners of flat racers from the commencement of the season up to March 31 are as follows: M. Michel Calmann, 10,000 francs; M. H. B. Duryea, \$1,445 francs; Mr. W. K. Vanderbilt, 47,467 francs; M. Zadropin, 44,475 francs; M. Achille Fould, 37,020 francs; M. Edmond Blanc, 30,000 francs.

THIRTY LEADING AMERICAN JOCKEYS.

There has been but little change in the standing of the leading American jockeys since the list was published a week ago. J. McTaggart, the leader, has slightly improved his position. The record of the thirty leaders from January 1, to and including the racing of Saturday, is as follows:

ANSWERS TO QUERIES.

Communications without names and addresses will not be noticed nor answered. No answers will be sent by mail and none by wire unless reply payment is made at time of wiring query.

G. L. McK., Frankfort, Ky. In another column of the past newspaper you published a table of the record of past performances of all the present eligibles to the race for the Kentucky Derby of 1914.

P. C. M., Toronto, Ont. The bookmaker is wrong and the bet on Lady Capricious should be paid. No disturbance took place at the track until after the second race was run and no betting was declared off.

G. H., Pittsburgh, Pa. Herpes raced thirteen times at Juarez this year, won four races, second three times and third once. The dates and odds of these races were: January 2, second, 4 to 1; January 4, won, even money; January 10, second, 2 to 1; January 13, 3 to 2; January 20, won, 15 to 1; January 22, second, 10 to 1; January 27, won, 5 to 1; February 3, won, 4 to 1; February 12, won, 11 to 5; February 19, 5 to 1; February 24, 3 to 1; February 26, 10 to 1.

CANDIDATES FOR KENTUCKY DERBY HONORS.

(Continued from first page.)

lugs 119 and fillies 117. Non-winners of a three-year-old race of the value of \$1,500 are to be allowed five pounds and maidens are to benefit by an allowance of twelve pounds. Under these conditions every one of the forty-six eligibles to the race are entitled to an allowance at the present time except Ivan Gardner, which colt will be required to carry his full weight because of his Palmto Derby victory at Charleston in March. The Blue Grass Stakes, scheduled to be run at Lexington, May 2, is the only race in prospect that is likely to have a bearing on the weights between now and the running of the Derby. The winner of that race, if a Derby eligible, will lose his or her allowance for the great Churchill Downs event. The record of the past performances of all Derby eligibles, with the weights their racing records entitle them to carry is shown below:

The small figure under "Str." shows the distance the horse was ahead of that next in the race. The small figure under "Fin."—unless the horse won—shows the number of lengths the horse was behind the winner. Weight to be carried appears at top of column of weights in previous races.

GENERAL NEWS NOTES OF THE DAY

The Canadian Pacific will enter the Philippine service June 11 when the steamship Empress of Russia will make Manila a port of call.

After two weeks search for the sealer Southern Cross, the Kyla has returned to St. Johns, N. F. The Southern Cross, with 173 men, has been given up as lost.

Sixty-two officers and men of the London Rifle Brigade established a world's record in a march from London to Brighton. They covered fifty-two and one-half mile in fourteen hours and twenty-three minutes, carrying equipment.

Miss Helen Cudaby, the millionaire's daughter, who went east to learn nursing at the Massachusetts General hospital, has decided not to stay. Her reason is summarized in this remark: "I thought training in a hospital meant taking care of patients. I find it is three-fourths house-work and drudgery."

The wedding of Vincent Astor and Helen Dinsmore Huntington will, in all probability, take place April 30, the date originally set. This was the substance of a statement given out yesterday by Mrs. Robert P. Huntington. The wedding will be much simpler than was originally intended.

Members of the house of representatives plan to present an appropriate gift to Miss Eleanor Wilson on the occasion of her marriage to William C. McAdoo, secretary of the treasury. Some article of personal adornment in the way of jewelry will be selected. About \$2,000 will be collected for the purpose among the members.

Sir Thomas Lipton and William P. Burton, British amateur yachtsman, who is to sail the Lipton challenger for the America's cup, expressed satisfaction with the Shamrock IV, which they carefully examined during a week end trip to Charles E. Nicholson's yard at Gosport. Sir Thomas, on his return to London yesterday, said: "The Shamrock IV, looked every bit what she was intended to be—a sure cup lifter."

Felicitous messages from many of the sovereigns of Europe were received by King Charles of Roumania yesterday on the occasion of the seventy-fifth anniversary of his birth. The king was born April 20, 1839, and belongs to the non-reigning branch of the Hohenzollerns. He was elected to the throne of Roumania in 1881, at the age of 42 years. Three years later he married Princess Elizabeth, daughter of the late Prince Hermann of Wied.

The publication of the text of the new treaty with Colombia, by which Colombia is to receive \$25,000,000, free passage for her warships through the Panama canal and other substantial concessions, has raised a storm in Congress, that is likely to result in intensifying the tolls exemption controversy. The criticism of members of the Senate and House is directed chiefly at the clause which is quite generally construed here as an apology by the United States to Colombia for the incidents which resulted in the establishment of the Republic of Panama.

Juarez, Mex., April 20.—Orders for an immediate renewal of the rebel attack on Tampico, with the purpose of capturing the town at the earliest possible moment, have been issued. The desirability of speed said to have been emphasized in the order. has given rise to rumors that when the American warships start to enforce President Wilson's orders they will find, not federalists, but friendly rebels in possession.

Washington, D. C., April 20.—Armed action by the United States against that part of Mexico controlled by the Huerta government was authorized this afternoon by Congress. The pacific policy of the Wilson administration toward the Mexican dictator was abandoned last night at six o'clock, when the president's ultimatum expired with Huerta still flatly refusing to comply with the unconditional demand that he salute the stars and stripes in reparation for the arrest of American bluejackets at Tampico. The Mexican foreign minister, Señor Portillo y Rojas, announced that it would be impossible to agree to the demand of the United States that the flag of that country be unconditionally saluted, because that flag was not insulted, because it was not flying from the launch and because the marines were set free even before an investigation, and that the officer responsible for the arrests was himself arrested and held for trial. The foreign minister further announced that the Mexican government would agree that both flags be saluted, the American flag first and then the Mexican flag, this arrangement to be made by a protocol signed by the American charge d'affaires, Nelson O'Shaughnessy, and the Mexican foreign minister. The United States government, Señor Portillo declared, had refused permission to Charge O'Shaughnessy to sign such a protocol and demanded an unconditional salute to the Mexican flag, which Mexico felt was incompatible with

its dignity. In conclusion the foreign minister said: "Mexico has yielded as much as its dignity will permit. Mexico trusts to the fair-mindedness and the spirit of justice of the American people." Through the local newspapers warning was given by the foreign minister, acting for President Huerta, to the Mexican people to refrain from any demonstration or overt act against Americans resident in Mexico. Attention was called to the possibility that the controversy between the United States and Mexico may yet be adjusted. Huerta displayed comparative indifference to the crisis. He passed several hours Sunday evening listening to the military band playing in Chapultepec Park. All American consuls in Mexico were notified by Charge d'Affaires O'Shaughnessy to call to the attention of American citizens there the warning issued from Washington that they should leave that country. The charge took this action by order of the American state department. As a result of the reiteration of the warning it is expected that there immediately will be a rush of Americans from that city and other interior points to the coast. Some will remain, however, choosing to risk their lives rather than abandon their fortunes. The American aeroplane fleet is ready for any emergency. War department officials admit that plans of the army war college contemplate wide utilization of the new arm of the service in case of hostilities in Mexico. Within a few hours the main division of the aeroplane fleet can be doing scout duty in northern Mexico because most of the machines now are concentrated at San Diego, Cal. Stores already have been taken to transfer these aeroplanes and their aviators to border cities or to seaports, whence they may be transported to Mexican ports. The Second Division of the United States army, at Houston, Tex., on a practice march, began a hurried movement back to Texas City and Galveston on orders received from Washington at three o'clock in the morning. The Fifth Brigade of the division was rushed aboard troop trains, but the remainder of the big army unit, nearly 10,000 men in all, was ordered to make the sixty-mile hike back to the coast on foot. Plans were made for the Fifth Brigade, numbering about 3,000 men to go aboard transports, although it was said no sailing orders had been received. It is thought these troops will be used for the occupation of Vera Cruz and Tampico if it should be necessary to seize those ports. The plan was to have the Fifth Brigade ready to sail by Tuesday morning in case a troop movement should be ordered. Major-General Wood will be ordered to Texas City, Tex., to take command of the entire American force for the Mexican campaign. Under the authority of congress president Wilson will issue the army and navy against Mexico and will issue two proclamations to provide for a "hostile" blockade, the plan for a "pacific" one having been abandoned. Yale students to the number of 2,000 made a demonstration in favor of war with Mexico; former President Taft addressed the students at the incident. The Mexican rebel and federal armies, if they combine in the event of United States invasion, will total 125,000 men. Patriotic demonstrations occurred on upper Broadway, New York, Sunday night when crowds in front of the bulletin boards read the news that the Mexican situation had reached a climax and that reprisals by this country for Huerta's refusal to salute the flag would follow. People gathered by the thousands in front of each newspaper office and every fresh announcement was greeted by outbursts of cheers, while the news of Huerta's defiance was hissed.

The beligerent blockade of Mexican ports, according to present calculations, will begin at 4 o'clock Wednesday afternoon, when the United States battleship fleet will arrive off Tampico. The war vessels that will line up at anchor off the port where occurred the insult to the flag are: Ten battleships, 5,100 men, 620 marines; Des Moines, 240 men; Chester, 300 men, 200 marines; Dolphin, 1,810 men; San Francisco, 400 men; Solace, hospital ship; Hancock, transport, 950 marines; Tacoma, 240 men; Nashville, 180 men; Birmingham, 300 men; Dixie, repair ship; fourteen destroyers, 1,150 men. Total, 13,720 men, 1,770 marines (two hydroaeroplanes) is manned by three officers and ten men each. The summary of total forces in Gulf of Mexico follows: Sailors, 14,179; marines, 2,990; officers, 700. Total, 17,869. Pacific coast forces, Mexican coast: Raleigh, 350 men; New Orleans, 350 men; Annapolis, 150 men; Yorktown, 180 men; California, 400 men and 60 marines. Total, 1,330. Glacier, supply ship. En route to Mexican coast are: South Dakota and

Jupiter, 800 marines; Cleveland, 350 men; Chaffa-booga, 350 men; Maryland, 900 men and 60 marines. Total, 1,600 men and 920 marines. Total on west coast and en route, 3,530 men. Torpedo flotilla at San Diego, Cal.; Five destroyers, 250 men, 15 officers. Grand total, 17,950 sailors, 3,970 marines and 855 officers.

President Wilson, in concluding a message to Congress, used these words: "I therefore come to ask your approval that I should use the armed forces of the United States in such ways and to such an extent as may be necessary to obtain from General Huerta and his adherents the fullest recognition of the rights and dignity of the United States, even amidst the distressing conditions now unhappily obtaining in Mexico. There can, in what we do, be no thought of aggression or of selfish aggrandizement. We seek to maintain the dignity and authority of the United States only because we wish always to keep our great influence unimpaired for the uses of liberty, both in the United States and wherever else it may be employed for the benefit of mankind." Immediately after the president finished his message the joint session was dissolved and a

joint resolution introduced in both houses empowering the president to use the army and navy in enforcing his demands on General Huerta. A bill appropriating \$50,000,000 to be immediately available for use by President Wilson was introduced in the senate by Senator Chamberlain of Oregon. It was referred to the appropriate committee. The resolution is identical in language with the one by which President McKinley, sixteen years ago, was given \$50,000,000 to finance the war with Spain. Commander Charles F. Hughes, chief of staff of the United States Atlantic fleet, yesterday called on General Gustave Mass, commander of the federal troops at Vera Cruz, and on the commander of the port and instructed them to order all merchant vessels out of the harbor. Commander Hughes then went on board the Spanish and the British warships anchored off this port and informed their commanders of his action. All American and other foreign women have been asked by William W. Canada, American consul, to take refuge on vessels in the harbor, preferably on board the Mexico of the Ward line and the Esperanza, which have been chartered by the United States navy.
